

Donaldson Delivers

BULK FUEL TANK KIT

Ideal for all low flow applications up to 220lpm
Maximum working pressure: 150 psi (10.3 bar)
SAE-20 Port Bulk Fuel Tank Kit

CLEANLINESS IS CRITICAL

A small amount of contamination can severely damage your engine.

Contaminated diesel can cause equipment downtime and costly repairs. One of the most common sources for contaminant is the diesel storage tank.

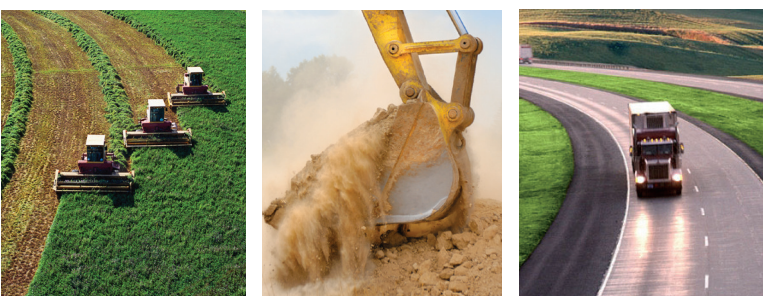

Many sites have aging bulk and transportable fuel tanks with obsolete filtration and poor quality breathers.

Donaldson's Bulk Fuel Tank Kit contains all the necessary components to upgrade existing diesel fuel tanks with modern filtration technology.

FEATURES & BENEFITS

- Simple spin-on design for ease of service
- Filtration efficiency 99.5% removal of particles 10 micron or larger ($\beta_{10} = 200$)
- Water absorbing media
- Suitable for gravity fed or pumped diesel applications
- T.R.A.P.™ Breather included with kit to help remove moisture and airborne contaminant, replaces desiccant and silica gel style breathers
- Head assembly suits SAE-20 ports
- Not suitable for petrol

 **PERFORMANCE**
FULL FLOW - HIGH EFFICIENCY - LONG LIFE

 **QUALITY**
HEAVY-DUTY AND BUILT TO LAST

 **RELIABILITY**
MEETS OR EXCEEDS OEM SPECIFICATIONS

Suitable for gravity fed or low pressure overhead and portable tanks

Part No: **X900133**

Kit Contents			
Image	Part No	Description	Qty
	P576565	Filter Head Port Size SAE-20	1
	P506158	Head Assembly Bracket Length: 140mm Width: 50mm Height: 140mm	1
	P579716	Pressure Gauge If used on suction side of pump gauge measures filter restriction. Not required in gravity fed applications	1
	P574959	Dimensions: OD 128mm, Length 270.8mm Efficiency $\beta_{10} = 100$ (99.95% @ 10 micron) With water absorbing media	1
	P566151	T.R.A.P.™ Breather 1" NPT male thread Dimensions: OD 114.3mm, Height 115mm Efficiency $\beta_3 = 50$ (98% @ 3 micron)	1
	POL503	1" Female BSP Socket Attached T.R.A.P. Breather to male 1" BSP threads	1

Replaces P902973 as an SAE-20 Ports option

The most comprehensive online site for searching filters and parts for your application.
