CT18 Superwash

Product Description

Concentrated multi-purpose powerful cleaning gel that breaks down and removes the toughest dirt, mud, grease, oil film, grime, soot and bugs leaving a streak free, sparkling clean finish on all surfaces.

- Harmless to aluminium, brass, copper, glass, plastic, neoprene & vinyl
- Inhibits rust & corrosion
- Neutral pH ensures that Chemtech CT18 Superwash will not cause fading of paintwork, signwriting or vinyl curtains
- Biodegradable and low toxicity

Directions for Use

CT18 works best if allowed to penetrate the dirt and grime for between 10-20 minutes and to dry on the surface - even overnight. Simply rinse off with clean water and chamois dry if preferred.

Sponge Wash: For sponge application dilute 1 part CT18 to 100 parts water or 2-3 caps full per standard 9L bucket.

Pressure Washer or Sprayer: Use 1 part CT18 in 10 parts water for pressure washer or foam gun. Use 1 part CT18 in 20 parts water for sprayer.

CT18 can be strengthened or diluted as required.

Typical Applications

Ideal for cleaning 4WD's, trucks, dirt bikes, boats & caravans.

Supporting Technical Data

- CT18 has a high surfactant level which is key to the products strong cleaning ability
- The formulation contains builders which help lift soils and prevent re-deposition on the surface
- CT18 is pH neutral meaning it won't affect paintwork or other surfaces

Quick Break Laboratory Test Results (total segregation of oil and water)

Chemtech CT18 Superwash has been subjected to the quick break test at approximately 2% concentration in the presence of 1% mineral oil. Quick break was achieved in less than 15 minutes. No pH corrections were necessary.
