**FUEL & OIL TRUCK FILTER KITS**

Think Filters. Think Donaldson  
**[donaldson.com](http://donaldson.com)**

# DIESEL ENGINE Filtration Experts

Quality, reliable filtration is an essential component of maintaining sophisticated, modern diesel engines.

Our extensive range of Fuel & Oil Truck Filter Kits provide the performance and reliability needed for modern diesel engines, as well as providing great value and savings.

All kits have been carefully researched and catalogued to ensure they provide the necessary oil and fuel filters required to perform a standard service.

Our kits cover the most popular truck makes and models and with over 60 kits to choose from, there's no need to look any further for your filtration requirements.

Donaldson fuel and oil filters protect your engine components and can improve overall vehicle reliability. With over 100 years of filter manufacturing and innovation, you can be sure that you are buying the best in filtration.

## Quality Guaranteed

Designed to meet or exceed OE requirements, our products are built to the highest standard, utilising quality materials and backed by a full aftermarket warranty.

You can always choose top-quality Donaldson filters designed specifically for your engines and equipment and – as long as you change them according to the engine manufacturer's maintenance schedule – using Donaldson filters will not void your engine manufacturer's warranty.

**When you buy Donaldson, you buy quality – Guaranteed!**

# ADDED PROTECTION For HPCR Engines

Contaminated fuel can lead to vehicle downtime and costly repairs, especially to expensive common rail systems and components. Modern diesel engines require clean, dry fuel for optimum combustion, maximum power, low emissions and component longevity.

If your vehicle operates in extreme conditions, or where fuel quality is uncertain, we recommend the installation of additional primary fuel filtration to provide added engine protection.

Donaldson's Chassis Mount Diesel Fuel Filter Kit use a high efficiency 3µm water separating filter and gives you the extra protection your engine needs.

- Ideal for many heavy-duty applications
- Includes bonus filter element - keep a spare in the vehicle
- Supports fuel flow range up to 379lph
- Supplied with optional water collection bowl

### 3µm CHASSIS MOUNT DIESEL FUEL FILTER KIT

Part No.	Maximum Working Pressure	Flow Rate	Efficiency
<b>P903074</b>	100 psi / 690 kPa / 6.8 Bar	379 lph	β <sub>3</sub> = 100 (99% @ 3 micron)

**PERFORMANCE**  
FULL FLOW - HIGH EFFICIENCY - LONG LIFE

**QUALITY**  
HEAVY-DUTY AND BUILT TO LAST

**RELIABILITY**

## SHOP DONALDSON Easier than Easy

The new Donaldson Cross-Reference and eCommerce website, Shop Donaldson, makes finding filters and replacement parts efficient and incredibly easy.

Shop Donaldson is available from your computer, phone or tablet to search the complete range of Donaldson premium filters including fuel, lube, coolant and air intake filters for your diesel engine, hydraulic and bulk tank filtration - plus exhaust system components.

Shop Donaldson makes finding replacement filters easier than easy so you can keep your business moving.

Find filters the easier way  
**shop.donaldson.com**

# WHY CHOOSE DONALDSON?

## PERFORMANCE

First-fit choice of leading equipment manufacturers around the world.

## INNOVATION

Continuous development of new technologies to meet changing filtration needs.

## RELIABILITY

Comprehensive warranty covering our filters and your equipment.

## QUALITY

The foundational principle driving the design, manufacture and delivery of every product.

## SUPPORT

Knowledgeable technical support specialists available in-field when you need them.

## AVAILABILITY

Innovative, reliable distribution partners providing local support.
