

NOW AVAILABLE OIL FILTER CAPS

Tridon Australia is proud to release the new range of OIL FILTER CAPS to provide your workshop with the highest quality replacement parts.

FUNCTION

- Designed to seal and retain oil on cartridge style systems, the oil cap performs a critical role in the vehicle lubrication system
- To ensure the quality of a vehicle service, it is always best practice to replace the oil filter cap with the filter.

QUALITY

- Manufactured from high quality, glass impregnated nylon or aluminium to ensure a suitable fit and extended life span.
- Manufactured in a TS16949, ISO9001 facility.

VEHICLE APPLICATIONS
