

for the ultimate performance full synthetic motor oil

SynPower Full Synthetic Motor Oil delivers superior engine protection by fighting the three major causes of engine stress: heat, deposits and wear. SynPower meets the performance requirements of most naturally aspirated, turbocharged and supercharged cars.

Compared to conventional oils, SynPower:

- Provides excellent engine cleanliness through superior sludge and varnish protection
- Helps reduce engine wear at high temperatures with improved viscosity stability
- Provides outstanding high-temperature protection under severe driving conditions
- Provides superior cold-temperature protection through faster oil flow at start-up
- Provides more durable anti-wear additives which remain in the oil longer for outstanding protection against friction and wear
- Helps maintain fuel efficiency for the life of the oil (applies to 5W30 and 10W30 grades)
- SynPower is fully compatible with all conventional and leading synthetic motor oils

Available in the following viscosities:

SynPower MXL 0W-30	SynPower MST 5W-30
SynPower 0W-40	SynPower 5W-40
SynPower XL-III 5W-30	SynPower 10W-50
